# Agenda

- Microsoft Teams for Education
- Building blocks
- Classroom

Preparing  
materials

Communication

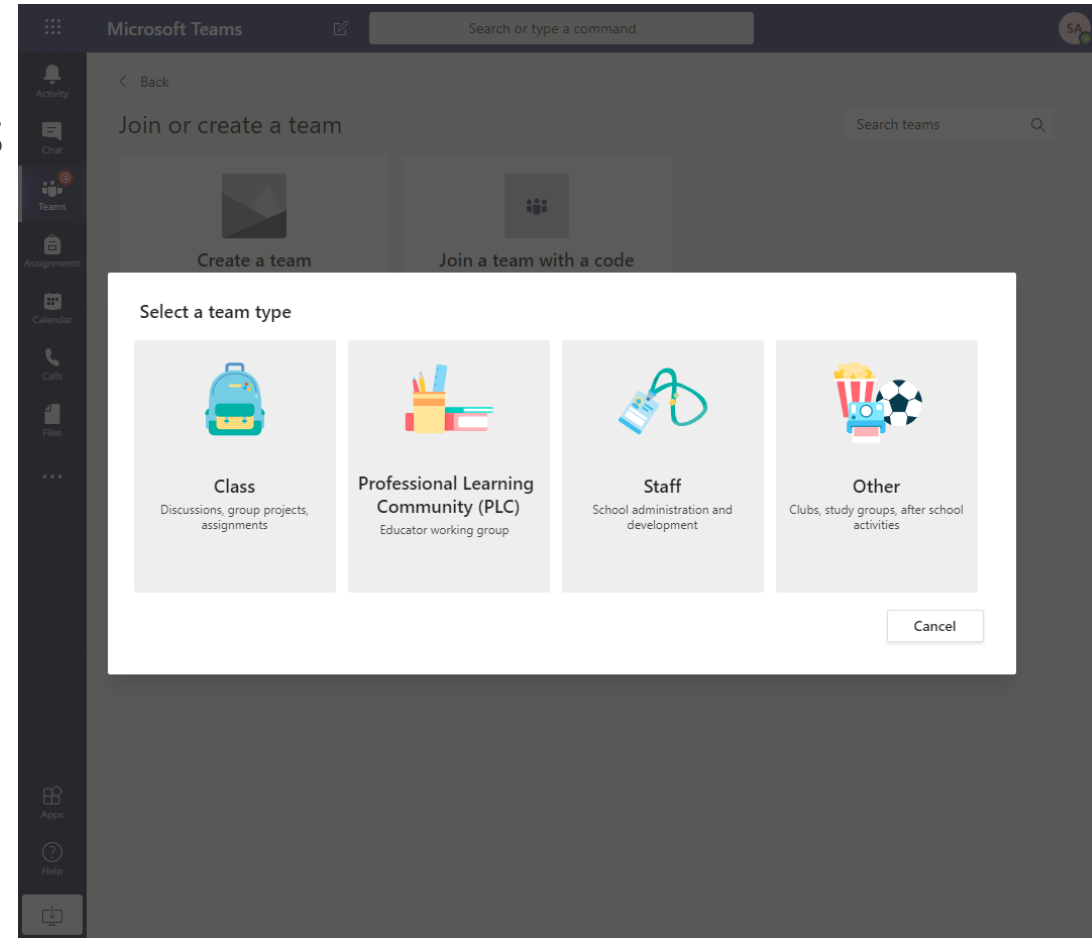

Tasks & Grades

# Microsoft Teams in Education

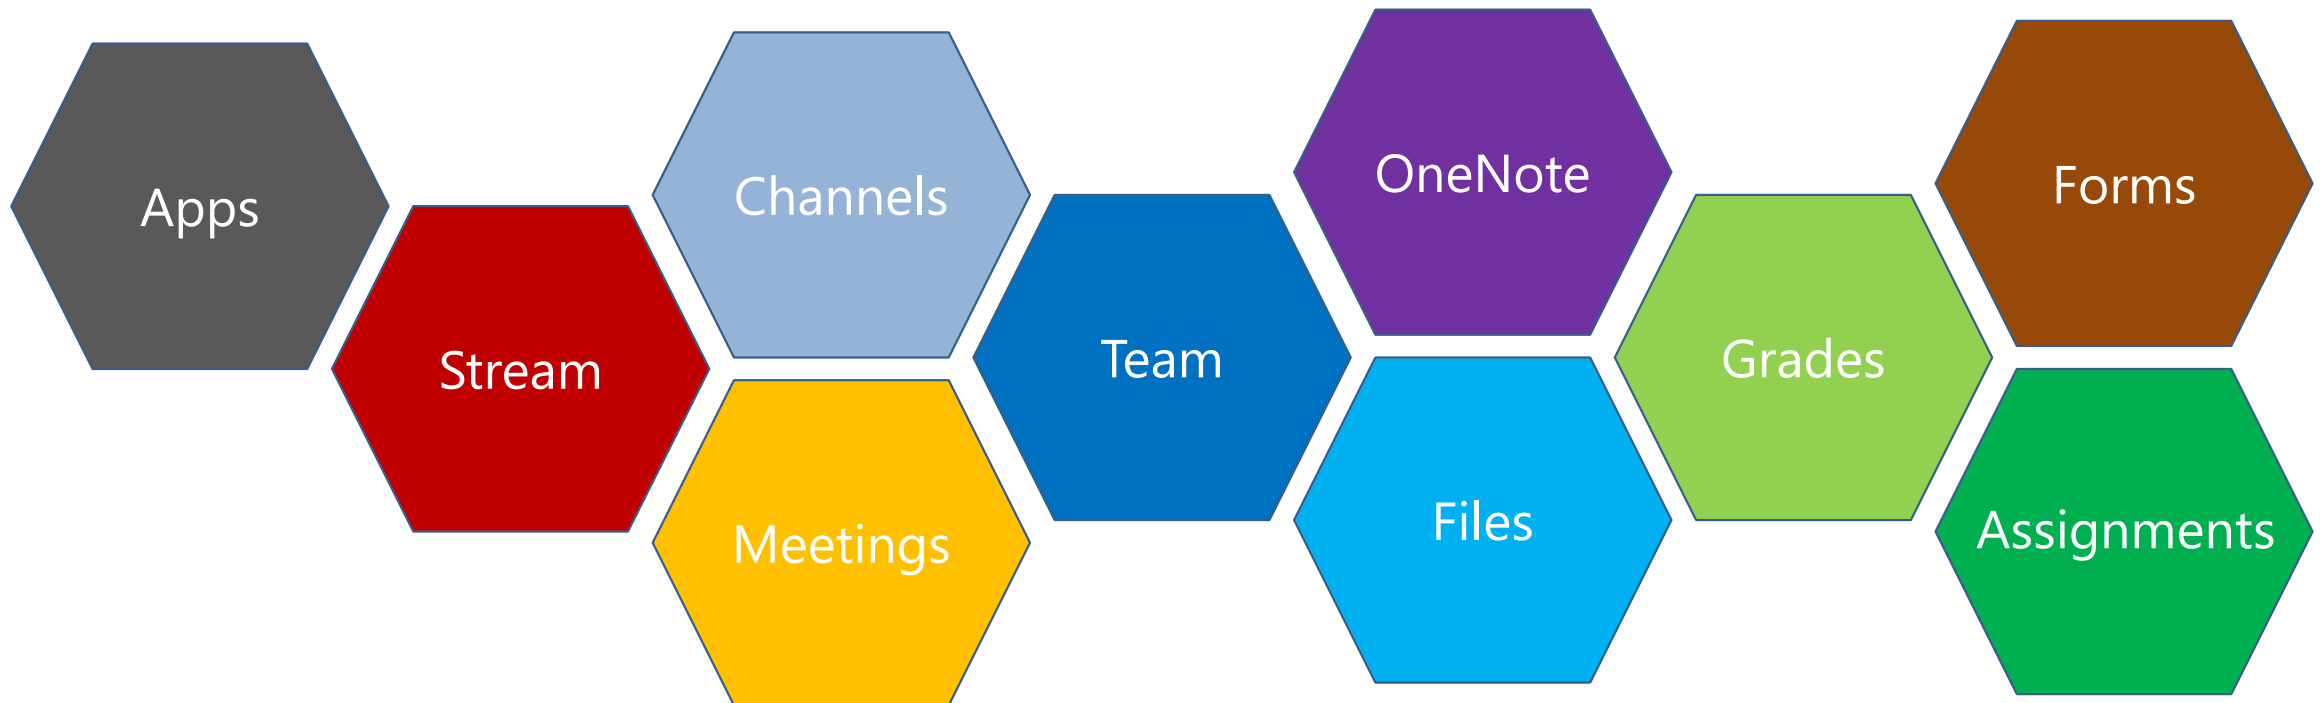

# Teams designed for Education

- Create collaborative classrooms that save teachers time and better engage students in modern learning
- Connect educators in professional learning communities to improve teaching skills with built-in PLC Notebooks
- Streamline staff communication on school-wide initiatives using custom Staff Notebooks
- Come together in a team for any team or project, like student groups or planning events

# Building blocks

# Building blocks

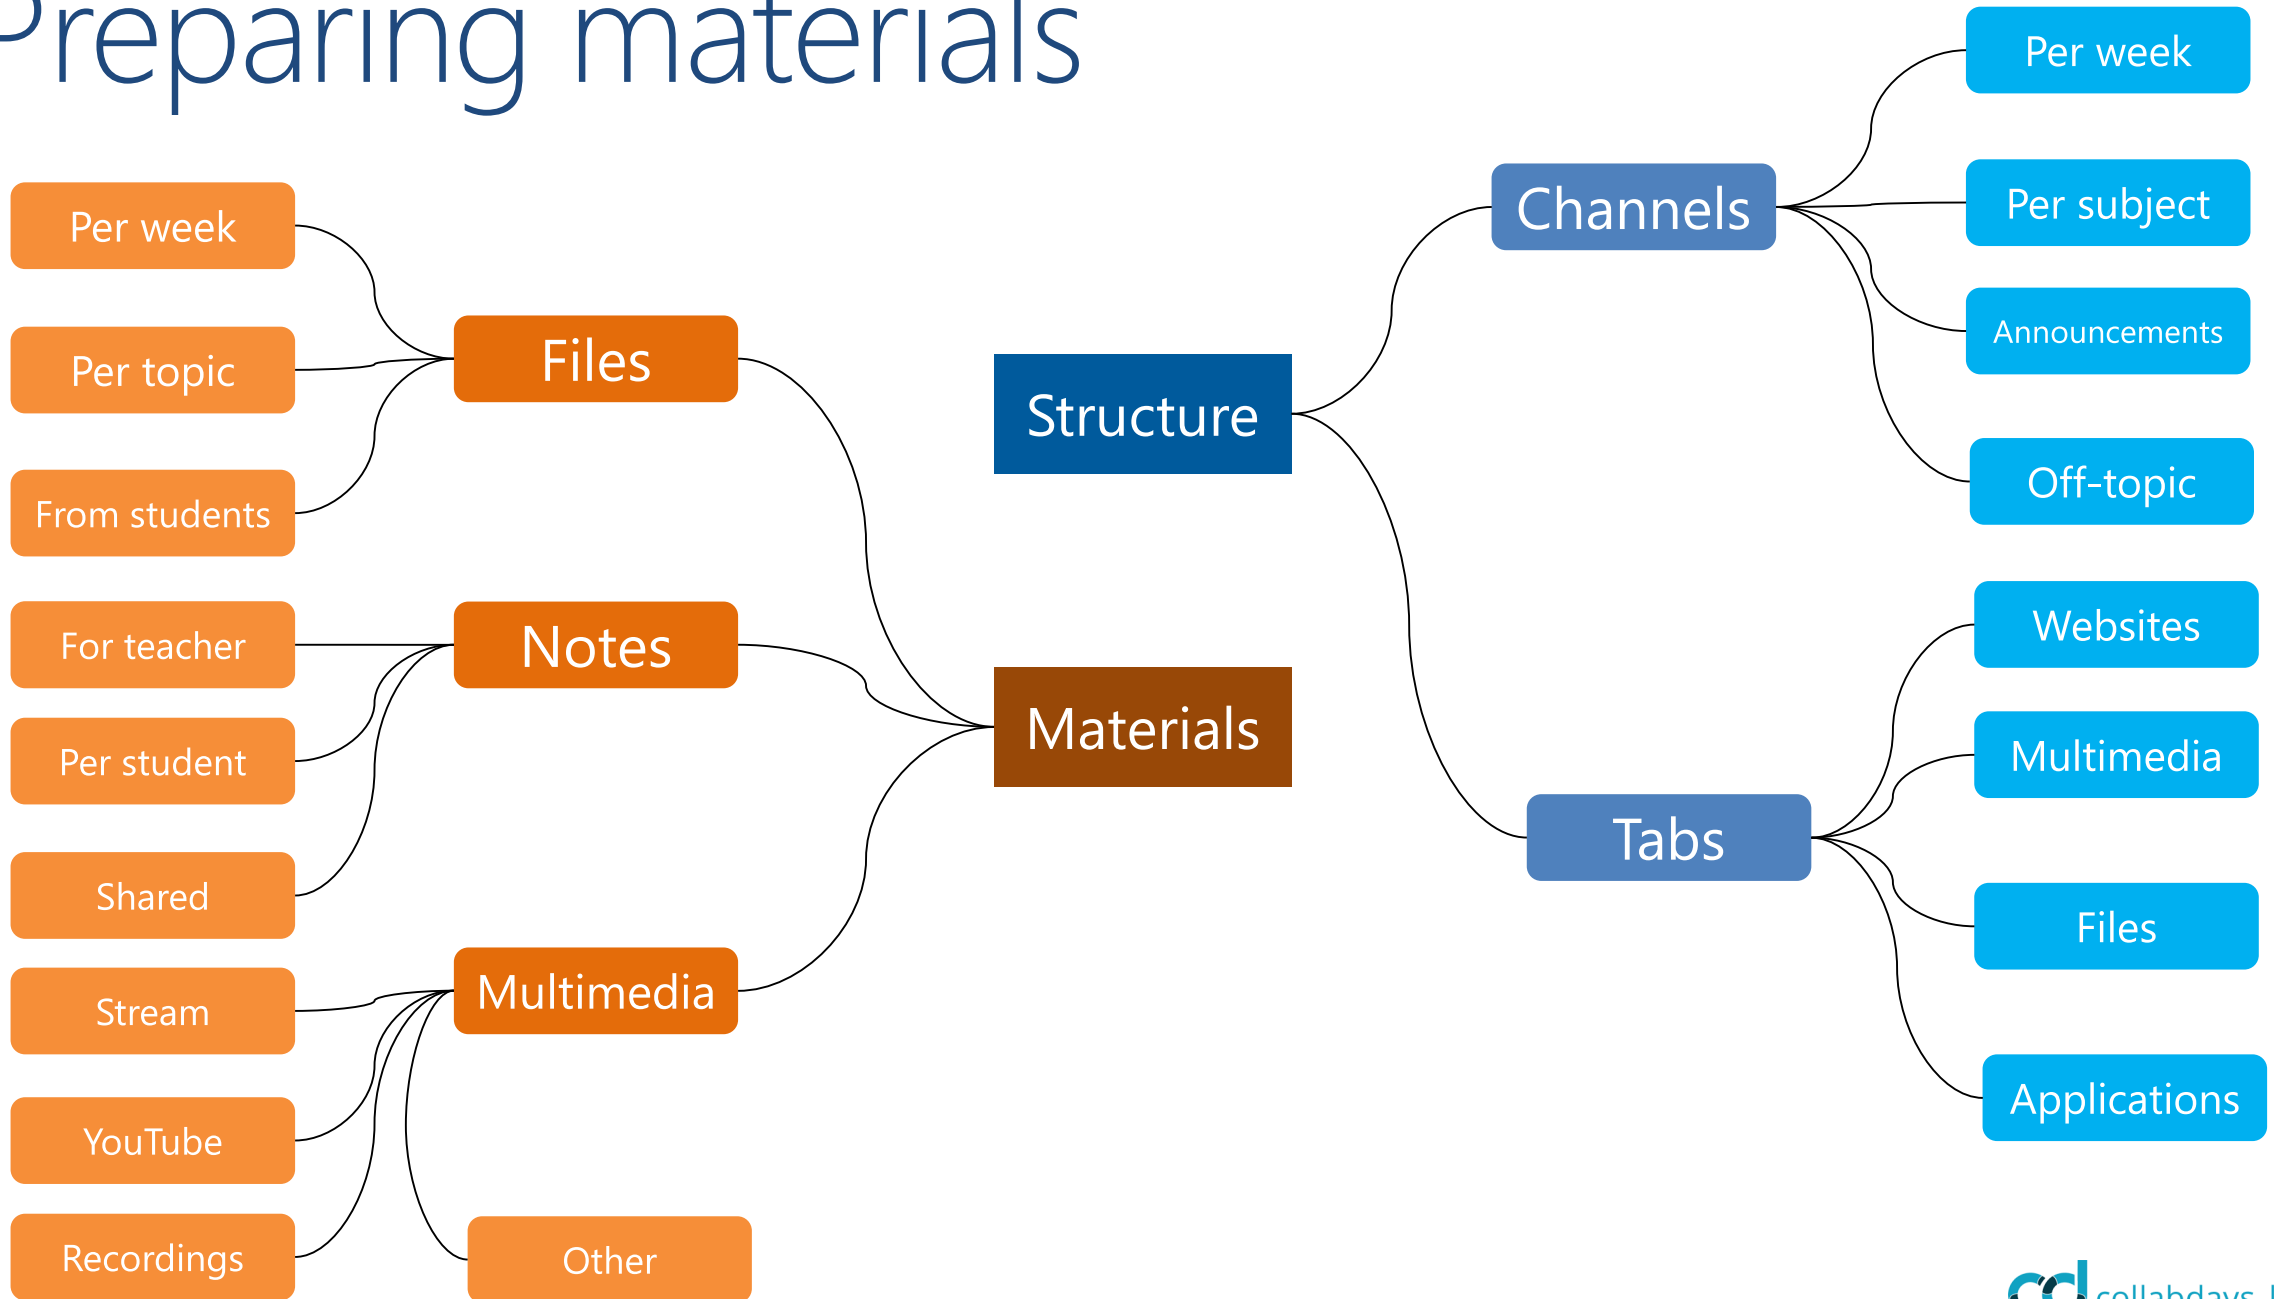

# Building blocks

- Team – Classrooms, for Educators, for Staff, for Parents, for custom projects, for students groups
- Channels – per topic, per week, announcements, for parents, private channels
- Files – class materials, multimedia files, projects files, different types
